

A. KAUSHIK

Software Engineer — Full Stack Developer — Backend Developer
Hyderabad, Telangana, India · +91 7337453377 · a.kaushik3003@gmail.com
linkedin.com/in/Akaushik30 · github.com/Akaushik3003

Professional Summary

Computer Science undergraduate with hands-on experience in Python, SQL, and full-stack development. Strong understanding of object-oriented programming concepts and backend systems, with practical exposure through real-world projects and an AI internship. Seeking software development opportunities to build scalable applications and enhance problem-solving skills.

Work Experience

Viswam AI AI Developer Intern	May 2025 – July 2025
--	----------------------

- Developed a full-stack web platform to collect and organize traditional Telugu culinary knowledge.
- Implemented secure authentication and role-based access control (RBAC) to manage administrator and contributor permissions.
- Designed REST APIs to support recipe submissions, multimedia uploads, and moderation workflows.
- Built responsive user interfaces enabling users to submit recipes and explore cultural culinary data.
- Integrated database systems to efficiently store structured recipe information and media content.

Education

Matrusri Engineering College (MECS) B.E. in Computer Science & Engineering CGPA: 7 (Up to 7th Semester)	Hyderabad, India 2022 – 2026 (Expected)
--	--

Narayana Junior College Intermediate (Class XII) Percentage: 85.7%	Hyderabad, India 2020 – 2022
---	---------------------------------

Delhi Public School (CBSE) Secondary School (Class X) Percentage: 78%	Hyderabad, India 2020
--	--------------------------

Technical Skills

Languages: Python, SQL, JavaScript
Familiar: Java, C++, TypeScript
Frameworks: React.js, Next.js, FastAPI, Node.js
Databases: PostgreSQL, MongoDB
Tools: Git, Prisma ORM
Core Concepts: Object-Oriented Programming (OOP), Data Structures, DBMS

Projects

Chess-Based Post-Quantum Encryption System <i>Full Stack Developer & Researcher</i>	React, FastAPI, Python, Liboqs
---	--------------------------------

- Designed a post-quantum encryption system using Kyber512 key encapsulation and XChaCha20 encryption to secure data against quantum attacks.
- Developed a custom key-derivation algorithm (ChessPerm) generating high-entropy encryption keys using chess board permutations.
- Implemented LSB steganography to embed encrypted messages inside PNG images for covert transmission.
- Built a full-stack interface using React and FastAPI for encryption, decryption, and secure file handling.

TeluguKitchen - Cultural Data Archival Platform <i>Lead Developer</i>	Next.js 14, TypeScript, Prisma, SQLite
---	--

- Developed a full-stack cultural data archival platform using Next.js 14 and Prisma ORM.
- Designed REST APIs to manage recipes, multimedia uploads, and cultural documentation.
- Implemented role-based access control (RBAC) with JWT authentication.
- Optimized database queries using Prisma ORM and SQLite for faster content retrieval.

AI-Powered Form Filler for the Digitally Excluded

MERN Stack, OpenAI API

Full Stack Developer

- Developed an AI-powered form automation system using the MERN stack.
- Integrated OpenAI NLP models to convert voice input into structured form fields.
- Implemented multilingual speech-to-text processing to improve accessibility.
- Designed an accessible interface focused on voice interaction.

Uber RealTime Clone

React Native, Node.js, Socket.io

Full Stack Developer

- Developed a real-time ride-hailing mobile application using React Native and Node.js.
- Implemented WebSocket communication using Socket.io for live driver tracking.
- Integrated Mapbox APIs for route visualization and fare estimation.
- Designed real-time booking workflow including ride requests and driver matching.

Certifications

- Data Structures and Algorithms Using Java – Infosys Springboard
- Java Fundamentals – Oracle Academy
- RDBMS PostgreSQL Training – IIT Bombay (Spoken Tutorial)
- Programming Using C++ – Infosys Springboard

Additional Information

- Soft Skills: Teamwork, Problem Solving, Adaptability, Communication.
- Languages: English, Telugu, Hindi.
- Interests: Cricket, Badminton, Running.
